PLOT & PLAN: OWN THE WINELANDS

Life is a series of moments, gathered together to create a lifetime. At the centre of such moments are the pillars of Heritage, Heart and Home.

Everyone dreams of building their own home. This is your chance, working within our guidelines and with our team of designers and architects, to do just that.

The architecture of the residences remains true to its Cape roots and to the developer's goal of sustainability. And although strictly speaking Cape Contemporary in style, modern elements will also feature. The design lends itself to an open, airy ambience, complemented by extensive use of natural materials.
